Hello sir

I am an investigator that works for the defense team for a Guantánamo detainee.we would like to give you a phone call. Some of the material on your website is of great interest to us. is there a phone number we can contact you at

You accepted Daniel's request.

Mr Brunson, i am very pleased to hear from you, please call me Anthony, or Ant for short. FYI this week i sent Mr Nivin a summary of my Yemen visit and actually spoke with him briefly yesterday, but i also know how busy he is. He said he would call me back when able. My UK mobile is (44) and i also use Skype & FaceTime, but before we speak can you please show me your connection to NBM Law? I have no secrets on this matter and have published just about everything i can already, but it would give me some piece of mind to be sure who i was speaking to. Thanks, Anthony

Daniel Futrell

Sorry, it is Mr Nevin, not Nivin, whom i spoke to briefly vesterday

Hello Mr. Heaford, I sent an introductary email. It should be from daniel.futrell. Brunson is my middle name - which I use on Facebook, Futrell is my last name. I use Brunson to (at least) try to keep a lower profile on social media. Like Mr. Nevin, I work for the Military Commissions on the defense side. I work for the defense attorneys James Connell and Sterling Thomas. Talk to you soon, thanks

Thank-you for that verification - please see my email replies
